

The following

~~We, the undersigned~~, residents of [REDACTED] Thurlton, object to the proposed cluster of 12 dwellings north of Blacksmiths Gardens Thurlton THU1.

Our objections are

1. Unsuitable and unsafe access to the site through Blacksmiths Gardens due to insufficient width to allow for 1.5 metre pavements both sides of the road.
2. The presence on the proposed site of pipistrelle bats and black redstarts which are both protected species under the Wildlife and Countryside Act of 1981.
