Updates for DEVELOPMENT MANAGEMENT COMMITTEE
3rd December 2020

Item	Updates	Page No
Item 1 2020/1775	Further objection received, a summary of this is as follows: Both houses clearly outside of the village development boundary, this is there for a reason. He had to get the development boundary moved to build his house why should this site be treated differently. If the houses were smaller they could fit within the development boundary. Houses are larger and been moved from the previously approved ones and not in keeping. These comments are noted by officers who do not wish to comment specifically on the points raised as they raise no new planning issues.	15
