Agenda Item: 3

DECLARATIONS OF INTEREST AT MEETINGS

Members are asked to declare any interests they have in the meeting. Members are required to identify the nature of the interest and the agenda item to which it relates.

- In the case of **other** interests, the member may speak and vote on the matter.
- If it is a **pecuniary** interest, the member must withdraw from the meeting when it is discussed.
- If it **affects or relates to a pecuniary interest** the member has, they have the right to make representations to the meeting as a member of the public but must then withdraw from the meeting.
- Members are also requested when appropriate to make any declarations under the Code of Practice on Planning and Judicial matters.
- In any case, members have the right to remove themselves from the meeting or the voting if they consider, in the circumstances, it is appropriate to do so.

Should members have any concerns relating to interests they have, they are encouraged to contact the Monitoring Officer (or Deputy) or another member of the Democratic Services Team in advance of the meeting.

Member had presented information at meetings where issues had been discussed, but no advice had been given.
Cllr Bills	Other Interest:- District Councillor for Hethersett

29. MINUTES

Regarding Minute 27, at the paragraph detailing the consideration of Bunwell, the Committee agreed that the wording of the first line should be changed from, "*The Tacolneston Parish Clerk advised that....*" to "*A member of Bunwell Parish Council (who is also the Tacolneston Parish Clerk) advised that....*".

Subject to that amendment, the minutes of the Electoral Arrangements Review Committee held on 15 August 2017 were confirmed as a correct record and signed by the Chairman.

30. COMMUNITY GOVERNANCE REVIEW

The Chairman and Chief Executive welcomed everyone to the meeting. Cllr Kemp summarised the aims of the Review and explained that the Committee would be considering the representations received before making its recommendations to a meeting of the Full Council to be held on 19 February 2018, where the Authority's final decision would be made.

The Chairman reminded members that the District Boundary Review had already taken place ahead of the Community Governance Review and that any proposed parish boundary changes would be required to respect current County, District and Parliamentary boundaries. Speakers were advised that the Committee could only consider those things set out in the relevant legislation and guidance and were unable to take into account any issues which might fall under the control of the District or Parliamentary Reviews.

It was noted that, during the first phase of consultation, the number of representations received from towns and parishes had been disappointingly low and it appeared that, where parishes and residents were content with current governance arrangements, they had made little representation during that phase. However, due to a significantly higher number of responses being received towards the end of the second phase, the Committee now considered they had a more accurate indication of the opinions and views of town/parish councils and residents.

The Committee was reminded of its obligation to ensure that, when considering each parish boundary, the proposals for change should be in line with the Terms of Reference of the Community Governance Review, and clearly support the aims of the Review; to improve community engagement and local democracy, to facilitate efficient, effective and convenient delivery of local services, and to ensure electors across the whole District are treated equitably and fairly. It was noted that, should these proposals not meet the aims of the Review, then the status quo should continue.

The following speakers addressed the meeting with regard to the various proposals:

Diss and Roydon	Ms D Sarson – Diss Town Council Mr P Curson – Roydon Parish Council Ms N Atkins – Residents' Group against recommendations Mr T Knights – Resident against recommendations Cllr T Palmer – Local Member for Diss Cllr D Goldson – Local Member for Roydon
Carleton Rode and Bunwell	Mr J Pennell – Bunwell Parish Council Dr B Slater – Carleton Rode Parish Council Mr A Hatcher – Resident against recommendations Mr L Elley – Resident against recommendations
Poringland and Framingham Earl	Ms L Brook – Framingham Earl Parish Council Ms J Sykes – Resident against recommendations for Poringland / Framingham Earl Cllr J Overton – Local Member for Poringland and the Framinghams
Wymondham	Cllr R Savage – Wymondham Town Council Cllr L Hornby – Wymondham Town Council Mr J Halls – Resident in favour of recommendations Mr S Ward – Resident in favour of recommendations Cllr J Hornby – Local Member for Wymondham
Earsham	Cllr M Gray – Local Member for Earsham
Costessey	Ms H Elias – Costessey Town Council
East Carleton with Ketteringham	Mr T Cave – East Carleton with Ketteringham Parish Council Mr P Riches – Resident against the recommendations
Ashby St Mary	Mr R Todd – Ashby St Mary Parish Council

The Committee considered each town/parish in the order indicated in the agenda and made its recommendations, as detailed below:

Diss and Roydon

Members voted 4-1 to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Diss and Roydon, that it should **reject** the proposals and retain the parish boundaries as they currently exist;
2. the number of Councillors for Diss be increased to 14 and the number of Councillors for Roydon remains unchanged; and
3. the town/parish council names for both Diss and Roydon remain unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary better reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Bunwell and Carleton Rode

Members voted 4-0 (2 abstained) to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Bunwell and Carleton Rode, that it should **reject** the proposals and retain the parish boundaries as they currently exist;
2. the number of Councillors for Bunwell and Carleton Rode remain unchanged; and
3. the parish Council names for both Bunwell and Carleton Rode remain unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary better reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Poringland

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Poringland and Framingham Earl, that it should **reject** the proposals and retain the parish boundaries as they currently exist;
2. having considered the relevant legislation, guidance, and representations made regarding Poringland and Bixley, that it should **agree** a boundary change, as indicated in map 11 on page 40 of the agenda, to move a part of Bixley into Poringland;
3. the number of Councillors for Poringland remains unchanged; and
4. the parish council name for Poringland remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary better reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Framingham Earl

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Framingham Earl and Poringland, that it should **reject** the proposals and retain the parish boundaries as they currently exist;
2. the number of Councillors for Framingham Earl remains unchanged; and
3. the parish council name for Framingham Earl remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary better reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Wymondham

Members voted 5-1 to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Wymondham and the proposal that Spooner Row, Wattlefield and Sutton be separated from Wymondham Town to create a new community council, that it should **reject** the proposals and retain the parish boundaries, as set out in the Local Government Boundary Commission for England Order 2017;
2. Wymondham Town Council retain 5 Councillors in North Wymondham Ward, 5 councillors in Central Wymondham Ward, 1 councillor in East Wymondham Ward and 4 councillors in South Wymondham ward; and
3. Wymondham Town Council remain as set out in the Local Government Boundary Commission for England Order 2017.

The reason for the decision

The Committee's decision was based upon the evidence and arguments presented to the Committee and was finely balanced. The Committee consider that, on balance and due to the evidence submitted together with concerns regarding the long-term sustainability of the proposal, the existing boundary better reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Tivetshall St Margaret and Tivetshall St Mary

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Tivetshall St Margaret and Tivetshall St Mary, that it should **agree** the proposals and merge the parishes to create a parish with no wards called "Tivetshall Parish Council"; and
2. the number of Councillors for Tivetshall Parish Council be set at 7;

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the amended boundary better reflects the identities and interests of the community and will put in place effective and convenient community governance.

Dickleburgh & Rushall and Burston & Shimpling

Members voted 5-0 (with 1 abstention) to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Dickleburgh & Rushall and Burston & Shimpling, that it should **reject** the proposals and retain the parish boundaries as they currently exist;
2. the number of Councillors for Dickleburgh & Rushall and Burston & Shimpling remain unchanged; and
3. the parish Council names for Dickleburgh & Rushall and Burston & Shimpling remain unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary better reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Cringleford

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Cringleford, that it should **reject** the proposals and retain the parish boundaries as they currently exist;
2. the number of Councillors for Cringleford remains unchanged; and
3. the parish Council name for Cringleford remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary better reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Keswick & Intwood

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Keswick & Intwood, that it should **reject** the proposals and retain the parish boundaries as they currently exist;
2. the number of Councillors for Keswick & Intwood remains unchanged; and
3. the parish Council name for Keswick & Intwood remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary better reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Denton and Earsham

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Denton and Earsham, that it should **agree** the proposals and amend the parish boundary (as indicated on Map 6 on page 49 of the agenda);
2. the number of Councillors for both Denton and Earsham remain unchanged; and
3. the parish Council names for both Denton and Earsham remain unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the amended boundary better reflects the identities and interests of the community and will put in place effective and convenient community governance.

Alburgh and Wortwell

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Alburgh and Wortwell, that it should **agree** the proposals and make a submission to the Local Government Boundary Commission for England to request for the amendment of the district boundary, as indicated on Map 7 on page 50 of the agenda;
2. the number of Councillors for both Alburgh and Wortwell remain unchanged; and
3. the parish Council names for both Alburgh and Wortwell remain unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the amended boundary better reflects the identities and interests of the community and will put in place effective and convenient community governance.

It is noted that this recommendation would also require the agreement of the Local Government Boundary Commission as it affects a district boundary and would require the amendment of this district boundary.

Bawburgh

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Bawburgh, that it should **agree** the proposal to move Lodge Farm Ward from Bawburgh Parish into Costessey Town and that it should **agree** boundary changes between Bawburgh and Little Melton, as indicated on map 8 on page 51 of the agenda, and make a submission to the Local Government Boundary Commission for England to request for the amendment of both the parish and County boundaries;
2. the number of Councillors for Bawburgh be set at 5; and
3. the parish Council name for Bawburgh remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the amended boundary better reflects the identities and interests of the community and will put in place effective and convenient community governance.

It is noted that this recommendation is subject to the agreement of the Local Government Boundary Commission as it affects “protected electoral arrangements” within the meaning of section 86 of the Local Government and Public Involvement in Health Act 2007.

Little Melton

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Little Melton, that it should **agree** boundary changes between Little Melton and Bawburgh, as indicated on map 8 on page 51 of the agenda, that it should **agree** boundary changes between Little Melton and Hethersett, as indicated on map 8 on page 51 on the agenda, and that it should make a submission to the Local Government Boundary Commission for England to request for the amendment of both the parish and County boundaries between Bawburgh and Little Melton;
2. the number of Councillors for Little Melton remains unchanged; and
3. the parish Council name for Little Melton remains unchanged.

The reason for the decision

The Committee’s decision was based upon the evidence before it. Members reached the conclusion that the amended boundary better reflects the identities and interests of the community and will put in place effective and convenient community governance.

It is noted that this recommendation for the parish boundary between Bawburgh and Little Melton is subject to the agreement of the Local Government Boundary Commission as it affects “protected electoral arrangements” within the meaning of section 86 of the Local Government and Public Involvement in Health Act 2007.

Hethersett

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Hethersett, that it should **agree** the proposals and amend the parish boundary (as indicated on Map 8 on page 51 of the agenda);
2. the number of Councillors for Hethersett be increased from 13 to 14; and
3. the parish Council name for Hethersett remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the amended boundary better reflects the identities and interests of the community and will put in place effective and convenient community governance.

East Carleton and Swardeston

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding East Carleton and Swardeston, that it should **reject** the proposals and retain the parish boundaries as they currently exist;
2. the number of Councillors for both East Carleton and Swardeston remain unchanged; and
3. the parish Council names for both East Carleton and Swardeston remain unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary better reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Costessey

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Costessey, that it should **agree** the proposal to move Lodge Farm from Bawburgh Parish into Costessey Town, as indicated on map 10 on page 53 of the agenda, and make a submission to the Local Government Boundary Commission for England to request for the amendment of both the parish and County boundaries;
2. the number of Councillors in the Costessey Parish be retained in the following wards; New Costessey Ward 8 Councillors, Old Costessey Ward (incorporating the Lodge Farm area) 6 Councillors, and 5 Councillors in Queen's Hill Ward; and
3. the parish Council name for Costessey remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the amended boundary better reflects the identities and interests of the community and will put in place effective and convenient community governance.

It is noted that this recommendation is subject to the agreement of the Local Government Boundary Commission as it affects "protected electoral arrangements" within the meaning of section 86 of the Local Government and Public Involvement in Health Act 2007.

Bixley

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Bixley and Caistor St Edmund, that it should **agree** the proposals and merge the parishes to create a parish called "Caistor St Edmund and Bixley Parish Council" with the number of Councillors for Bixley Ward to remain as 5 and for Caistor Ward to remain as 7; and
2. having considered the relevant legislation, guidance, and representations made regarding Bixley and Poringland, that it should **agree** a boundary change, as indicated in map 11 on page 40 of the agenda, to move a part of Bixley into Poringland.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the amended boundary better reflects the identities and interests of the community and will put in place effective and convenient community governance.

Caistor St Edmund

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Bixley and Caistor St Edmund, that it should **agree** the proposals and merge the parishes, (taking into account the recommendation above to move part of Bixley into Poringland), to create a parish called "Caistor St Edmund and Bixley Parish Council" with the number of Councillors for Bixley Ward to remain as 5 and for Caistor St Edmund Ward to remain as 7.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the amended boundary better reflects the identities and interests of the community and will put in place effective and convenient community governance.

Ashby St Mary and Thurton

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. having considered the relevant legislation, guidance, and representations made regarding Ashby St Mary and Thurton, that it should **reject** the proposal to merge the parishes and retain the parish boundaries as they currently exist;
2. the number of Councillors for both Ashby St Mary and Thurton remain unchanged; and
3. the parish Council names for both Ashby St Mary and Thurton remain unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary better reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Ditchingham

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. the parish boundary for Ditchingham be retained as it currently exists;
2. the number of Councillors for Ditchingham be reduced from 11 to 9; and
3. the parish Council name for Ditchingham remain unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary reflects the identities and interests of the community and will continue to provide effective and convenient community governance. The decision to decrease the number of Councillors was taken due to the difficulties experienced in appointing Councillors for this Ward.

Tasburgh

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. the parish boundary for Tasburgh be retained as it currently exists;
2. the number of Councillors for Tasburgh remains unchanged; and
3. the parish Council name for Tasburgh remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Stratton

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. the parish boundary for Stratton be retained as it currently exists;
2. the number of Councillors for Stratton be increased from 11 to 13; and
3. the parish Council name for Stratton be changed from "Long Stratton Parish Council" to "Long Stratton Town Council".

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary reflects the identities and interests of the community and will continue to provide effective and convenient community governance. The Committee agreed that, due to the future growth of Long Stratton, the number of Councillors should be increased in line with the recommendations of the National Associations of Local Councils in regard to the number of Councillors per electorate.

Easton

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. the parish boundary for Easton be retained as it currently exists;
2. the number of Councillors for Easton be increased from 7 to 10; and
3. the parish Council name for Easton remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

1. the parish boundary for Hempnall be retained as it currently exists;
2. the number of Councillors for Hempnall reduce from 9 to 8; and
3. the parish council name for Hempnall remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

Bressingham

Members voted unanimously to **RECOMMEND TO COUNCIL** that:

1. the parish boundary for Bressingham be retained as it currently exists;
2. the number of Councillors for Bressingham reduce from 9 to 7; and
3. the parish council name for Bressingham remains unchanged.

The reason for the decision

The Committee's decision was based upon the evidence before it. Members reached the conclusion that the existing boundary reflects the identities and interests of the community and will continue to provide effective and convenient community governance.

All Other Parishes

In addition to those mentioned above, members considered all other parishes as detailed from pages 87 to 97 in the agenda, and in each case voted to **RECOMMEND TO COUNCIL** that:

1. the parish boundary be retained as it currently exists;
2. the number of Councillors remains unchanged; and
3. the parish council name remains unchanged.

The Chairman thanked officers for their work and it was then **RESOLVED** that:

1. the recommendations, as above, be put forward for consideration by Full Council for its final determination;
2. Full Council be requested to delegate authority to the Chief Executive for the creation of any Orders, or the taking of any other steps required, for the implementation of those proposals which receive its support, and any consequential matters thereby required;

and

3. officers prepare the report for Full Council in consultation with the Chairman and Vice Chairman of the Electoral Arrangements Review Committee.

Chairman

Polling Districts and Polling Places Review 2018

Report of the Electoral Services Manager
Cabinet Member: John Fuller

CONTACT
Julia Tovee-Galey
jtovee@s-norfolk.gov.uk

1. Introduction

- 1.1** An interim polling districts and polling places review has been undertaken due to the Community Governance Review, which resulted in some parish boundaries being amended. To ensure that suitable and convenient polling arrangements are provided for local electors before the May 2019 District and Parish Elections.

2. Background

- 2.1** A District Ward Review was undertaken by The Local Government Boundary Commission for England which made changes to the district wards and made changes to the parish wards in Wymondham, Costessey and Bawburgh. South Norfolk Council have undertaken a Community Governance Review which changed some parishes and ward boundaries. As a result of the boundary changes agreed by the community governance review, applications for related alterations have been submitted to The Local Government Boundary for England to amend a district ward and county division.
- 2.1.1** The Electoral Registration and Administration Act 2013 section 17 now requires local authorities to review Polling Districts and Polling Places within 16 months beginning with the 1 October 2013 and then every fifth year after that. A further review will be undertaken between 1 October 2018 and 31 January 2020, as required.
- 2.1.2** In conducting the review, the Council must demonstrate it has, (as far as is practicable), met the set criteria set out in legislation. The relevant legislation requires that:
- Each parish in England is to be a separate polling district, unless special circumstances apply.
 - The Council must designate a polling place for each polling district, unless the size or other circumstances of a polling district are such that the situation of polling place does not materially affect the convenience of the electors.
 - The polling place must be an area in the polling district, unless special circumstances make it desirable to designate an area wholly or partly outside the polling district (for example, if no accessible polling place can be identified in the polling district)
 - The polling place must be small enough to indicate to electors in different parts of the polling district how they will be able to reach the polling station.

2.1.3 In addition, the Council must also:

- Seek to ensure that all electors in a constituency in the local authority area have such reasonable facilities for voting as are practicable in the circumstances.
- Seek to ensure that so far as reasonable and practicable every polling place for which it is reasonable is accessible to electors who are disabled.

2.1.4. In an ideal world, electoral administrators would have the choice of a range of fully accessible buildings, conveniently located for the electors in the area. The Electoral Commission recognizes that, in practice, this is not the case and there may actually be little choice available. Where it is necessary to use a polling place where the access is not ideal, the Commission expects the Council to make reasonable adjustments to provide access for all electors.

2.1.5. The Commission also recognizes that the choice of polling place will often be a balance between the quality (access, facilities, etc.) of a building and the distances between the residents and that building compared to other options.

2.1.6. There is no fixed rule on how to decide how this. The legislation provides that all electors in a constituency should have such reasonable facilities for voting as are practicable in the circumstances. The Council needs to be able to show that they followed a reasonable methodology in arriving at its choice.

2.1.7. The Council should also ensure when conducting the review that all decisions must have been consulted upon, measured, and practical. The whole process should be as transparent and open as possible to avoid possible problems.

2.1.8. Information relating to the review was published on the Council's website. Local Members of Parliament. District and County councillors, parish and town councils, political parties with previous involvement in South Norfolk, and disability groups were specifically consulted.

2.1.9. Consultation has been undertaken for four weeks finishing on the 29 June 2018 with two responses received as indicated in appendix 2.

3. Current Position/Findings

- 3.1** Details of the current polling districts and polling places can be seen in appendix 1, which includes a summary of the polling inspector's comments. Appendix 2 contains the comments received during the review.
- 3.2** Given that there have been boundary reviews which have resulted in changes to the parish boundaries, the polling districts will need to be amended to reflect the new parish arrangements as required in legislation. The amend boundaries can be seen in maps 1 to 12.
- 3.3** The Returning Officer currently has delegated power to designate alternative polling places if necessary, where circumstances do not allow for the matter to be decided otherwise.

4. Proposals

- 4.1** The polling districts to be amended to reflect the parish boundaries, which will require the following as indicated in appendix 1 and maps 1 to 12.
- 4.2** Polling places details and recommendations are indicated in appendix 1.
- 4.3** The Returning Officer should retain delegation to designate an alternative polling place if necessary where circumstances do not allow for the matter to be decided otherwise.

5. Risks and implications arising

- 5.1** **Legal** – polling districts, polling places and polling stations must be designated in accordance with the relevant legislation. Failure to do so will leave the Council open to challenge in the short term and will subsequently prejudice the statutory duty to deliver.

- 5.2 Equalities** – The Council has a statutory duty general and specific to ensure that (as far as is reasonable and practicable) every polling place and polling station is accessible to electors.

6. Recommendation

- 6.1** The Electoral Arrangements Committee to agree the following, to take effect on the 1 December 2018:
- Polling district amendments as indicated in appendix 1 and maps 1 to 12.

Comments received during consultation period.

Tivetshall Parish council considered the above review at the June PC meeting and would like to recommend that Tivetshall Village Hall continues to be used as the polling station as it is currently used by both wards (References EH1 and EJ1). Using Tivetshall Village Hall has worked well in the past and the PC view is that there is no need for this to be changed.

Good afternoon

Cringleford Parish Council considered the above review at its recent meeting and agreed that Cringleford needs to retain its two separate polling stations. The parish has many retired parishioners on both sides of the A11, who have told us that they do not feel confident crossing the A11 due to the volume and speed of traffic on the road. Therefore if you removed one of the stations you would be preventing a large part of our electorate from voting.

Thank you
Kind regards

Participation in Voter ID Pilot Scheme 2019

**Report of the Electoral Services Manager
Cabinet Member: John Fuller**

**CONTACT
Julia Tovee-Galey
jtovee@s-norfolk.gov.uk**

1. Introduction

- 1.1** To consider the request from the Cabinet Office for South Norfolk District Council to take part in a proposed Voter ID Pilot in relation to the scheduled District and Parish elections on 2 May 2019.

2. Background

- 2.1** The current test for a voter's identification preceded the introduction of the secret ballot in the Nineteenth Century (s.10 Ballot Act 1872, 35 & 36 Vict. C.33,), in which the presiding officer can ask the elector to confirm their name as stated on the register and that they have not already voted at the current election. The only significant change since then is that there is no legal requirement to administer an oath to any person who failed to answer the two questions satisfactorily. The system was designed to work with smaller electorates and more homogenous communities in which the identity of electors could be established more easily.
- 2.2** Former Secretary of State for Communities and Local Government, Sir Eric Pickles, was asked by the government in 2016 to consider what further changes were needed to make the electoral system more secure. The subsequent report 'Securing the Ballot' made a series of recommendations on what further changes were needed to make the electorate system more secure. The 50 recommendations, 48 of which were accepted by Government, including piloting some form of identification at polling stations.
- 2.3** The Government agreed with the Report's view that voters should be required to present identification before voting as currently there are no checks on anyone's identity prior to being given a ballot paper. Full security checks via the Individual Electoral Registration process (IER) are now made ensuring a person is entitled to register to vote, however, there are no measures in place to ensure security for the vote itself.
- 2.4** The pilots are a precursor to legislation that will require some form of identification to be presented before voting. Pilots will identify and shape how and when it would be best to introduce this new requirement more widely to ensure that our electoral process is secure.

- 2.5** The Pilots are designed only to test the impact of ID in polling stations and to ensure the Cabinet Office achieves their objectives to improve the security of the electoral system and boost public confidence in elections. The Cabinet Office feel that there is nothing political about securing our democracy for everyone by asking voters to confirm who they are.
- 2.6** On the 3 May 2018, six authorities undertook the first wave of Voter ID pilot schemes. The following is a summary of the pilots undertaken in May 2018, and the full details of the ID pilots may be seen in appendix 1.
- Bromley and Gosport tested a range of photographic and non-photographic ID.
 - Swindon tested the use of barcoded poll cards with the back- up of limited photographic ID.
 - Watford tested the use of barcoded poll cards with the back- up of limited photographic ID and non-photographic ID.
 - Woking tested photographic ID.
 - Peterborough tested photographic ID for proxy voters.
- 2.7** The electoral integrity Voter ID pilot's initial evaluations can be seen in the table below. It can be seen for the initial evaluations Swindon's pilot was the most successful with only 0.02% of the people turned away as a proportion of the electorate.

Electoral Integrity Project - initial polling station data (pre evaluation)									
Local Authorities	Electorate	Number of votes cast	Number of people attending the polling station (number of people who came to collect a ballot paper)	Voters with no ID or the wrong ID	Voters that returned with the right ID	People who did not return	% of people who did not return as a proportion of number of votes cast	% of people who did not return as a proportion of total number of people who attended the polling station	% of people turned away as proportion of the electorate
Bromley	240,335	95,986	96,140	569	415	154	0.16%	0.16%	0.06%
Gosport	61,898	20,612	20,656	116	72	44	0.21%	0.21%	0.07%
Swindon	157,782	62,166	62,191	60	35	25	0.04%	0.04%	0.02%
Watford	70,649	27,765	27,831	194	128	66	0.24%	0.24%	0.09%
Woking	74,105	27,977	28,028	89	38	51	0.18%	0.18%	0.07%
TOTAL	604,769	234,506	234,846	1028	688	340	0.14%	0.14%	0.06%

3. Current Position/Findings

- 3.1** The Cabinet Office has requested Local Authorities who wish to pilot voter ID or any other aspect of electoral integrity at local government elections in May 2019, to express their interest by the 17 July 2018. To allow for the Cabinet Office to work with interested authorities to develop realistic research criteria and practical delivery plans. We have expressed an interest in taking part in a voter ID pilot.
- 3.2** The outcomes sought from the Voter ID pilot would be to:
- Establish a suitable and secure platform for providing voter ID in polling stations prior to legislative changes;
 - Provide an opportunity for South Norfolk to assist in the shaping the future of voting in polling stations;
 - Provide the government with voting statistics from South Norfolk that will establish the already recognised poll card as a suitable form of ID; and
 - Provide a readily available and accurately marked register of political parties.
- 3.3** There will be a requirement for a formal application from the Leader of the Council, Chief Executive or Returning Officer. The Cabinet Office will require formal applications by the 31 August 2018. The Cabinet Office will provide details of the formal application process and time table in the follow in the coming weeks.
- 3.4** The funding for the cost of piloting will be provided by the Cabinet Office.
- 3.5** John Fuller (Leader of the Council) and Sandra Dinneen (Chief Executive and Returning Officer), have indicated their interest in taking part in the voter ID pilots in 2019.
- 3.6** The electoral integrity Voter ID pilot's initial evaluations can be seen in the table above in 2.7. It can be seen for the initial evaluations Swindon's pilot was the most successful with only 0.02% of the people turned away as a proportion of the electorate.

4. Proposals

- 4.1** The pilot would be on the basis that all voters in contested district wards and parishes will take part in the voter ID pilot. Anyone not providing the required barcoded poll card or acceptable ID (as indicated below) or bring someone with them to attest to their identity, will not be able to vote.
- Passport (UK, EU, Commonwealth) (including expired)
 - Photocard driving licence including a provisional licence (UK, Crown Dependency or EU)
 - Northern Ireland Electoral Identity Card
 - Biometric Immigration Document
 - EEA Identity Card
 - Valid credit or debit card
- 4.2** The methodology for the proposed pilot would be similar to the Swindon Pilot in 2018, but with the additional ID of a valid credit or debit card. The proposed pilot would be that all electors will be required to present a secure poll card at the polling station. The poll card will contain a unique barcode that identifies both the elector, the correct election and links that person to the property on the register. Anyone not being able to present a valid poll card would have the opportunity to present a limited form of ID or have their ID attested.
- 4.3** The poll card is considered to be a well-recognised form of ID that will limit the requirement for electors to source other forms of identification to prove who they are. Production of the poll card at polling station would continue, if not enhance, the political benefits provided to Tellers and Political campaigners.
- 4.4** The barcode would then be scanned and the elector recoded on the electronic version of the electoral register. Polling station staff would thereby be informed whether or not that person can vote at the station and will identify if they have already voted.

- 4.5** An elector who has lost their poll card will have three choices: Either to contact the Electoral Services Office and be sent, or collected a replacement poll card (the latter will require ID); provide a form of ID (as prescribed); or to receive an attestation (as determined) in the polling station.
- 4.6** The software used would be required to record the type of ID used, together with the electors who arrived to vote but do not meet any of the new security measures in place. We would want the software to also record when electors that had been turned away subsequently came back to vote with poll card or ID.
- 4.7** The digital registers and barcoded poll cards would enable quick and efficient processing of voters at the station as well as recording all the information required by the Cabinet Office for taking the legislation closer to implementation.
- 4.8** The software to be used will be developed by Xpress Software Solutions. The company currently provides the Electoral Services Team with software that manages both the electoral register and the running of the elections. Xpress has considerable knowledge of both elections, election software and running of successful pilot schemes across the UK, such as Swindon's voter ID pilot in May 2018.
- 4.9** All hardware will be procured by Xpress and the contract for both software and hardware will be between themselves and the Cabinet Office.
- 4.10** The remainder of the voting process using paper ballots will remain the same.
- 4.11** A full public campaign would take place across South Norfolk District in the months prior to the elections including a household targeted campaign to ensure voters understand the change.

5. Risks and implications arising

- 5.1 ***Financial and procurement implications*** – Cabinet Office have confirmed that all funding will be provided to cover all expenditure on the pilot net of usual election costs, including additional staff time.
- 5.2 ***Legal and human rights implications***– Legal and human rights have been taken into account in preparing this report. There are no direct Human Rights Act implications associated with the proposed pilot.
- 5.3 ***Diversity Impact Assessment*** – None have been identified as only qualified voters should be able to vote.
- 5.4 ***Staff Resources*** – This will require additional specialist staffing to undertake the pilot from the following teams, IT approximately 2 weeks, press and communications and electoral services over the 6 months prior to the election, which will be funded by the Cabinet Office.
- 5.5 ***Risk Management*** – Taking part in electoral pilots always contains an element of risk as, by their nature, they are doing something not normally undertaken in that way. The benefit of the pilot proposed is that it has been undertaken by Swindon in May 2018, so the process has already been tested and the evaluation information from this can be used to improve the pilot. Participation in such a pilot, however, does give rise to an increased level of support and funding from the government which mitigates such risks albeit not removing it. Such risks could include voter inconvenience, the denial of a vote to an elector who does not provide the necessary ID, the breakdown of the equipment provided, and the possibility of additional queues at polling stations.

6. Conclusion

- 6.1 The Electoral Arrangements Committee to note this report.
