				Plan, which has already effectively begun with the preparation of a new <u>Strategic Housing Market Assessment across five Norfolk districts (which is expected to be complete in 2015)</u> . For the avoidance of doubt, this will include an early review of the evidence for the supply and demand for pupil places across the District, including secondary education provision. This will involve working with the Local Education Authority and other providers of school places. The new or reviewed plan(s) will be adopted, at the latest, within five years of adoption of the Site Specific Allocations and Policies Document

## ANNEX 1 – HOUSING TRAJECTORIES

Main Modification SITES MM8 – South Norfolk Norwich Policy Area and Rural Area Trajectories

Footnote to the Norwich Policy Area and Rural Area Trajectories: The 'Revised annual requirement (taking into account past delivery 2008/09 to 2013/14)' does not include the additional buffer, moved forward from later in the plan period, required by NPPF paragraph 47. Including a buffer of 5% would give a revised annual requirement for 2015/16 to 2019/20 of 896 units in the NPA and 94 units in the Rural Area. The Joint Core Strategy Monitoring Report will set out the up-to-date five year supply position, including the appropriate buffer, on an annual basis.

## Annex 2: Saved South Norfolk Local Plan Policies to be replaced

The following is the list of South Norfolk Local Plan 2003 which remain in use as of April 2014 and form part of the development plan for South Norfolk, together with the Joint Core Strategy and Cringleford Neighbourhood Development Plan and which will be superseded upon adoption of the Site Specific Policies and Allocations Local Plan document.

Note: The 'Revised annual requirement (taking into account past delivery 2008/09 to 2013/14)' does not include the additional buffer, moved forward from later in the plan period, required by NPPF paragraph 47. Including a buffer of 5% would give a revised annual requirement for 2015/16 to 2019/20 of 896 units in the NPA. The Joint Core Strategy Monitoring Report will set out the up-to-date five year supply position, including the appropriate buffer, on an annual basis.

## **New Appendix 6: Saved South Norfolk Local Plan Policies to be replaced**

The following is the list of South Norfolk Local Plan 2003 which remain in use as of April 2014 and form part of the development plan for South Norfolk, together with the Joint Core Strategy and Cringleford Neighbourhood Development Plan and which will be superseded upon adoption of the Wymondham Area Action Plan.
