TELL US ABOUT YOUR PROJECT

Please use additional paper if needed

Remember to be realistic in your planning, you may not hear the decision on your application for four weeks after we receive it!

Describe your proposed activity including where and when it'll take place; and whether you are targeting a particular age group or section of the community and why.

--

Provide the venue and full address of where your project will take place (including the postcode). If the venue has not been chosen, please provide as much detail as possible.

--

When will the project start?

--

Explain the benefits of your project, and the effects it will have. For example – what difference will the project make to residents and the local area? Think also about how your activity could continue in the longer term.

--

Explain how you know, or why you think, your project is needed. For example, it may be based on the results of your research or consultation in the community.

How will local people find out about your project and how will you publicise it?

Have you already raised any money toward the cost of your project? If so, how much?

Have you previously received a grant from Broadland District Council? If so, what for?

How much money are you hoping to receive as a Get It Started Grant? (up to £300 is available)

Remember, if your project involves children or vulnerable adults you may need to arrange Disclosure Barring Service checks for you, your staff, volunteers and committee members and you will need to sign a declaration.

Visit www.gov.uk/disclosure-barring-service for more details.
