

Starston Neighbourhood Plan – Notice of Minor Modification – February 2023

South Norfolk Council has corrected a factual error within the adopted Starston Neighbourhood Plan, relating to one of the images within the document.

Figure 24 ('Starston Conservation Area – Streetscape'), on page 39, originally showed an annotated map sourced from South Norfolk Council's 'Starston Conservation Area Character Appraisal and Management Guidelines' document. The map was dated April 2019.

However, this annotated map was out of date. The current, adopted 'Starston Conservation Area Character Appraisal and Management Guidelines' document dates from December 2019 and shows an amended boundary to that shown in the April 2019 document.

South Norfolk Council has now made a formal factual correction and replaced the inset map on page 39 of the Neighbourhood Plan with the version from the adopted 'Starston Conservation Area Character Appraisal and Management Guidelines' document (December 2019).

The modified Starston Neighbourhood Plan can be viewed at the following locations:
