Subject: planning application 2022/1108

Dear Sir,

Tibenham Parish Council object to this application.
The existing construction was made without planning consent and should be removed.
It makes a mockery of planning legislation.
The large volume of lorry traffic the site generates is totally unsuitable for the small roads that surround it.
The original application has already been turned down, and to simply reduce the proposed output does not provide grounds for reconsideration. If it were given permission, what body would be responsible for policing that the output remained at the level specified?

Kind Regards
Tony Wainwright
Tibenham Parish Clerk
