Dear Sir

This application has been brought to the attention of Harling Parish Council.

This matter was discussed at our full Council meeting on the 25th October.

Whilst this does not fall under or near the Parish of Harling, concerns were raised at the impact this will have on the B1111 through Harling with the increase in traffic movements.

As you may know Harling Parish Council campaigned for over 20 years to see the B1111 being removed as a preferred route for HGVs and so we do not support any applications in any form that could cause any increases in vehicle movements through our village.

Yours faithfully,

Kate Filby
Clerk & RFO
Harling Parish Council
