3. Medium Term Financial Strategy

The following graph shows the Council's projected Net Budget requirement compared to the predicted Total Funding over the next few years.

This shows a funding gap developing over the next few years as Government funding is unlikely to keep pace with expenditure pressures.

Future year funding figures are also uncertain due to:

- the Government's ongoing funding review, and
- potential changes to the Business rates retention scheme.

However as yet we do not know what impact these will have on the Council.
